Description

S/V Camala, is a Prout Snowgoose 37, she is a comfortable and proven home on the sea that can be sailed to any where in the world you would dream to visit. This Prout Snowgoose 37 is a good comfortable family cruising catamaran, which can also be used for long term cruising or a live aboard. Can sleep 5 / 7 people with a spacious saloon for entertaining.

The Snowgoose is renowned for its rugged construction and seakindliness as these boats were built to cross oceans, and not as additions to Caribbean charter fleets. Somewhere around 500 boats were built, and, although statements like this are impossible to confirm, it's been said that nearly 100 have completed circumnavigations. The Snowgoose can be found in every ocean on the planet.

Camala has a full galley to starboard with cabins forward and aft. Starboard side has nav station with head forward and cabin aft. There is also a double berth forward in the main salon. The interior is simple and lightweight in order to maintain good sailing performance. A combination of classic woods and modern materials give the boat a spacious and open feeling that is hard to find on a boat this size.

Th current owners are selling as their family has grown and they now need a boat with more space. Camala offers a great opportunity to buy a well built catamaran that has proven causing history on a modest budget.

CREO Yacht Brokers Ltd take the utmost care to document and photograph each boat accurately however the above description should be used as a guide only and we make no guarantees of its accuracy. Potential buyers should make their own inspections and we strongly suggest engaging a professional surveyor/engineer to help with this. This vessel is offered subject to prior sale, price change, or withdrawal without notice.
