The Swan 36 is true sailing boat with superb performance but also offers a great level of comfort making it an ideal cruiser racer. SYCORAX spent most of her life in the UK as a weekend racer and family cruiser with some great results under her belt! Her current owners decided in 2011 to search for warmer waters and sailed her to the Mediterranean and ultimately ending up in Greece where she has been lightly used for holidays in the last few years.

Description
The Swan 36 is true sailing boat with superb performance but also offers a great level of comfort making it an ideal cruiser racer.

SYCORAX spent most of her life in the UK as a weekend racer and family cruiser with some great results under her belt! Her current owners decided in 2011 to search for warmer waters and sailed her to the Mediterranean and ultimately ending up in Greece where she has been lightly used for holidays in the last few years.

She is very well specified and has been maintained to the highest standard with a new engine fitted in 2018 and an impressive inventory meaning that she is ready to go wherever the new owners fancy.

CREO Yacht Brokers Ltd take the upmost care to document and photograph each boat accurately however the above description should be used as a guide only and we make no guarantees of its accuracy. Potential buyers should make their own inspections and we strongly suggest engaging a professional surveyor/engineer to help with this. This vessel is offered subject to prior sale, price change, or withdrawal without notice.
